London,

Physical description
Two engraved maps on one sheet.

Dimensions

Notes
Two copper engravings on one sheet, the prospect: widest: 245 x 550 mm; the plan 245 x 565 mm.

Extensive description of Danzig, comprised from two images printed on one sheet, illustrating the city and the events of the siege of the City by the Russians in 1734.

The engraved text includes ‘An Explanation of the City of Dantzick and its adjacent Territories. Together with an Account of the Russian Attacks…’, ‘An Explanation of the City of Dantzick and its adjacent Territories…. [with] References to the Plan….’ and a history of events leading up to the siege.

Bibliography
Unrecorded in ESTC and COPAC; the BL has two exemplars, Maps CC.5.a.127 being the plan only; a third is found at Worcester College, Oxford, George Clarke Print Collection, 4858.
