Engraved print with contemporary colour.

Dimensions

Image: 260 by 410mm. (10.25 by 16.25 inches). Sheet: 305 by 485mm (12 by 19 inches).

Notes

A view of Grosvenor Place, named for the Grosvenor family. Grosvenor Place was the original site of St George's Hospital, and the London Lock Hospital. These perspective views, or vues d'optique, were popular in Europe during the eighteenth century. They were viewed through lenses to give the illusion of a deeper perspective, enhanced by the deep vanishing point and bright colour of the original print.
