

Colour tinted lithograph, tear at upper right and lower centre, trimmed into image at both left and right.

PROPOSED NEW SITE FOR THE CRYSTAL PALACE

Proposed site for the Crystal Palace in Battersea Park with a view of the Royal Hospital at Chelsea, and of the Suspension Bridge now being erected over the Thames by E J.P.C, August 9th 1851.

Author
KIDD; after T. BENHAM

Publication date
[1851].

Publisher
T. Benham del, Kidd lith., Day & Son Lith.rs to the Queen,

Publication place
London,

Physical description
Colour tinted lithograph, tear at upper right and lower centre, trimmed into image at both left and right.

Dimensions
400 by 605mm. (15.75 by 23.75 inches).

Notes
Bird’s eye view over Battersea Park, with the proposed new site for the Crystal Palace close to the

river immediately opposite the Royal Hospital; the Chelsea suspension bridge over the Thames in foreground, shown complete but at this stage under construction, and a view of the Royal Hospital at Chelsea. The Crystal Palace was eventually removed to Sydenham in South London in 1854.

Bibliography
BM 1917,1208.2278.
